Air Force leaders want Americans to know more about what the service does to help protect the nation and its contributions to the war on terrorism. Air Force Week builds relationships in communities where Airmen serve and helps to highlight the Air Force mission.

Each Air Force Week will include community visits and talks by senior Air Force officials, flight demonstration team performances and displays providing an up close and personal look at the Air Force men and women serving on the front lines.

**Upcoming 2007 Air Force Week events are at:**

- ✪ **Sacramento, Calif., from June 4 to 10**
